### **YOUNG BRUNSWICK BOY DIES FROM LOCKJAW**

Brunswick, Ga., September 25-(Special)-Frank Tillotson, the 14-year-old son of Mr. and Mrs. Ralph Tillotson, passed away at the city hospital early yesterday morning as the result of lockjaw, caused by a blow on the head which the youngster received while at play. Young Tillotson and another boy of about the same age were playing in the yard of the dead boy, when his playmate threw an iron rod on the top of the house. It rolled off and struck Tillotson on the head. At first it was not thought the injury was serious, but the following day lockjaw set in, and although everything possible was done at the city hospital for the young man, it was to no avail.
